GREEN IS THE NEW RED: AN INSIDER'S ACCOUNT OF A SOCIAL MOVEMENT UNDER SIEGE

City Lights Publishers. PAPERBACK. Book Condition: New. 087286538X ~NEW. No DJ, as issued. Trade Paperback. Brand new; satisfaction guaranteed. At a time when everyone is going green, most people are unaware that the FBI is using anti-terrorism resources to target environmentalists and animal rights activists. The courts are being used to push conventional boundaries of what constitutes "terrorism" and to hit nonviolent activists with disproportionate sentences. Some have faced terrorism charges for simply chalking slogans on the sidewalk. Like the Red Scare, this "Green Scare" is about fear and intimidation, using a word? "eco-terrorist"? to push a political agenda, instill fear and silence dissent. The animal rights and environmental movements directly threaten corporate profits every time activists encourage people to go vegan, to stop driving, to consume fewer resources and live simply. Their boycotts are damaging, and corporations and the politicians who represent them know it. In many ways, the Green Scare, like the Red Scare, can be seen as a culture war, a war of values. Will Potter outlines the political, legal, extra-legal, and public relations strategies that are being used to threaten even acts of nonviolent civil disobedience with the label of "terrorism." Here is a guided tour into the world of radical activism that introduces the real people behind the headlines and tells the story of how everyday people are being prevented from speaking up for what they believe in. "Will Potter unveils this complex movement with its virtues and its flaws, the courage of a few and the false bravado of others. I see this book as the definitive overview of the genesis of what is emerging as the most important social movement in human history? the war to save ourselves from ourselves." --Captain Paul Watson, Sea Shepherd Conservation Society "If we are to survive capitalism's death grip on our discourse...
