

## Therapeutic Eurythmy for Children: From Early Childhood to Adolescence with Practical Exercises

By Anne-maidlin Vogel, Michaela Glöckler

Anthroposophic Press Inc, United States, 2014. Paperback. Book Condition: New. 274 x 213 mm. Language: English . Brand New Book. Therapeutic Eurythmy for Children is a collection of exercises gathered by Anne-Maidlin Vogel from 1968 until 1998. Many arose from lectures the author attended, given by experienced therapeutic eurythmists especially Trude Thetter and Ilse Rolofs, as well as medical doctors and colleagues. Much of the material she used in her own therapy lessons with patients, with some of the exercises created from her own work with children for over thirty years. As a form of movement therapy, eurythmy has been very effective in treating physical and mental developmental disorders. This book is a rich source of information for professional eurythmy therapists, physicians, and teachers of children up to fifteen years of age. Therapeutic Eurythmy for Children provides not only examples for exercises, but also offers useful references for personal development and additional training for therapists. Included here are eurythmy therapy exercises to be performed with premature infants, babies, and young children up to the age of four. Although based firmly on Rudolf Steiner's spiritual science and his general recommendations for eurythmy, anyone can follow the descriptions and sketches for...
