Human Anatomy Made Amazingly Easy

By Chris Hart

Watson-Guptill Publications. Paperback. Book Condition: new. BRAND NEW, Human Anatomy Made Amazingly Easy, Chris Hart, This manual offers techniques that visually simplify and refine the study of the body's muscles and skeleton into concepts that can easily be used by beginning and intermediate artists alike. One example of this is the human neck. There are many large and small muscles in the neck, all rendered in great detail in most anatomy books, yet only four of them are ever visible. This book attacks anatomy from an artist's point of view, offering such valuable concepts as how to self-check the proportions of the head and body to make sure they are accurate, without the need of a model.

Reviews

A new e book with a brand new standpoint. I am quite late in start reading this one, but better then never. I discovered this ebook from my i and dad advised this publication to understand.

-- Jada Franecki II

Here is the very best book i have got read through until now. I could possibly comprehended everything using this composed e publication. You will not sense monotony at whenever you want of your time (that's what catalogues are for concerning should you ask me).

-- Izaiah Schowalter
